ABOUT OUR HISTORY

WHAT WE DO

TICGAL is a client-driven company. Your needs have defined our course and continue to shape our Product Portfolio. Open source on our core. Some services have evolved into Products. Please, go ahead and discover our continuously growing selection.

We owe our local community for their continuous support, which is why we have segmented our services coverage into local, country-wide and Global.

WE SHARE COMMON GOALS

TOGETHER WE ARE STRONGER

Cluster TIC Galicia

Association that brings together professionals from the Information Technology and Communications sector in Galicia

AGASOL

Galician Open Source Companies Association

ASOLIF

Spanish Open Source Companies Federation

As a small company, we must join forces to pursue our goals. These associations have been vital in building a broader network of contacts that helps generate synergies and provide solutions in the IT sector.
