THE SOLUTION

Gapp Desktop transforms how you interact with GLPI. This app combines simplicity with an intuitive multiplatform interface that adapts to your needs.

Doesn't matter if you're on a traditional desktop or using touch-screen devices in demanding environments.

TWO MODES, TAILORED TO YOUR NEEDS

STANDARD MODE

- Standard desktop environments
- Clean and user-friendly
- Submitting tickets and following updates

Reporting an issue is just a few clicks away!

KIOSK MODE

- Touch screen devices
- Industrial or public setups
- Streamlined interface for quick and intuitive interactions

Perfect for environments where simplicity and speed matter most!
